RESPONSE

Sir:

In response to the Office Action of March 30, 2000, allowance of this application is requested in view of the following amendments and remarks.

Amendments

In the Claims

Please cancel claim 15. ✓

Please amend the claims as follows:

1. (Amended) A method for treating a disorder selected from the group of physiological, neurological and behavioral disorders, said method comprising applying to a subject a specific low frequency pulsed magnetic field (Cnp) having a plurality of intermittent waveforms, for a time effective to produce a desired effect in a target tissue[.], wherein said Cnp initially entrains the electrical activity of ^{the} said target issue and as a result affects the endogenous electrical activity of said target tissue.
